MEMORANDUM OF POINTS AND AUTHORITIES

I. THE NEED FOR EMERGENCY RELIEF

In order to preserve and maintain their ongoing business operations, and to meet the needs of their customers, Debtor must retain the support of its employees. To retain this support, Debtor must timely pay all pre-petition payroll and wage related obligations owed to this constituency.

The next payroll is due and payable on September 20, 2019 for employee and independent contractor services rendered for the period September 8, 2019 through September 14, 2019, and thus represents pre-petition claims. The hours for this payroll period will be uploaded to ADP on September 16, 2019, ADP will then issue checks on September 18, 2019, and checks are distributed to the employee and independent contractors on September 20, 2019. In addition, Debtor issued payroll checks pre-petition for employee and independent contractor services rendered for the period September 1, 2019 through September 7, 2019, and thus represents pre-petition claims. Some of these payroll checks were outstanding as of the filing of the chapter 11 bankruptcy and must be honored post-petition. TAB Bank, under the terms of the Interim Stipulation, agreed to honor these pre-petition checks post-petition. Payroll needs to be funded immediately and the pre-petition checks issued must be honored by the Debtor's bank and secured creditor.

As a result, the need for judicial relief is immediate. Debtor believes that employees will leave if they are not paid, which will cause immediate and irreparable damage to Debtor's business. In contrast, if Debtor can promptly obtain the relief sought herein, their business value will be preserved for the benefit of all creditors.

II. FACTUAL BACKGROUND

A. The Bankruptcy Filing

On September 15, 2019 (the "Petition Date"), the Debtor commenced the Case under chapter 11 of Title 11 of the United States Code (the "Bankruptcy Code") in the

The purpose of the Case is to reorganize the Debtor's business operations and to propose a chapter 11 plan of reorganization.

B. <u>The Debtor's Operations</u>

Debtor is a Nevada corporation formed in 1984, which provides trade show installation and dismantling services in the exhibit and event industry. Debtor's operations extend into major cities across the United States and Debtor maintains a staff of trained, full-time employees to handle most any installation and dismantling project from start to finish. Debtor owns a proprietary specialized interface which enables it to streamline the flow of information between designer, client and event planner, show management and general contractor. Debtor has been a leader in the exhibit and event industry for over three decades. Debtor generated approximately \$24 million in revenues during 2018.

C. TAB Bank

Pre-petition, Debtor and TAB Bank entered into an accounts receivable purchase and security agreement dated as of February 3, 2016 ("Pre-Petition Agreement"). On April 26, 2018, the Pre-Petition Agreement was amended by the Debtor and TAB Bank ("Amendment"). Pursuant to the Pre-Petition Agreement as amended by the Amendment, TAB purchased certain designated accounts receivable from the Debtor. For each account purchased by TAB, TAB advanced 90% of the face value of the account to the Debtor. TAB performs the administrative services to collect the accounts from the account debtors of the Debtor and collections are paid into a lock box at TAB. Upon receipt of payment in full for each account, TAB credits 90% of the account to pay off the advance, and the additional 10%, less fees, interest, and expenses, is placed into a cash reserve account (the "Pre-Petition Cash Reserve Account"). Additionally, TAB receives PAYROLL MOTION

Debtor seeks Court authority to pay its pre-petition wage related obligations and honor their related pre-petition benefits, as well as the tax liability associated with these obligations. These obligations include pre-petition payroll, wages, salaries, federal, state and local payroll taxes, deductions and withholdings, payroll deductions relating to various benefits, reimbursement of business expenses, 401(k) plan employer contributions; and miscellaneous other claims asserted by current employees and independent contractors (including, without limitation, worker's compensation, medical, dental, life insurance, and disability insurance) (collectively, the "Pre-Petition Compensation"). These benefits include vacation pay, sick leave, holiday pay, jury duty pay, and other paid leave ("Benefits").

The pre-petition wages and associated tax liability component of the Prepetition

Compensation that is payable on September 20, 2019 will be approximately \$332,000.

The payroll for the employees and independent contractors is paid in arrears on a weekly basis. Payroll is due on September 20, 2019 for pre-petition wages for the period

September 8, 2019 through September 14, 2019. Attached to the Green Declaration as Exhibit "1" is a list of the Debtor's employees and independent contractors and the payroll amount for each. Part of the Pre-Petition Compensation also includes payroll checks issued by the Debtor pre-petition for employee and independent contractor services rendered for the period September 1, 2019 through September 7, 2019, and thus represents pre-petition claims. Some of these payroll checks were outstanding and had not been negotiated as of the filing of the chapter 11 bankruptcy and must be honored

post-petition. Pursuant to the terms of the Interim Stipulation attached as Exhibit "2", TAB Bank honored these pre-petition payroll checks post-petition. Pursuant to the terms of the Interim Stipulation, Debtor seeks an order from the Court retroactively authorizing and ratifying the payment of the pre-petition checks, which shall include the following language:

"TAB Bank is authorized, but not directed, on an interim basis, through and including September 18, 2019, to honor checks presented for payment and all fund transfer requests made by the Debtor, to the extent that sufficient funds are on deposit in the applicable accounts at TAB Bank, in accordance with this Interim Stipulation and the Court's order thereon and any other order of this Court. TAB Bank is authorized, but not directed, to rely on the representations of the Debtor with respect to whether any check or other transfer drawn or issued by the Debtor prior to the Petition Date should be honored and to honor those checks pursuant to this Interim Order, and TAB Bank shall not have any liability to any party, including under 11 U.S.C. § 549, for relying on such representations by the Debtor, as provided for in this Interim Stipulation and the Court's order thereon."

Furthermore, the Pre-Petition Compensation paid pursuant to this motion will not exceed the \$13,650 wage priority limit provided for in Section 507(a)(4) of the Bankruptcy Code.

Debtor also seeks an order authorizing Debtor to retain its pre-petition payroll account(s) for a period of 30 days and directing the bank or other financial institution not or otherwise impair Debtor's ability to deposit funds into and to withdraw funds from said account(s), and authorizing Debtor to take all actions reasonable and necessary to comply with its obligations to its existing payroll service, ADP, and the entry of an order (i) directing all banks to honor all of Debtor's pre-petition checks, and (ii) prohibiting all banks from placing any holds on, or attempting to reverse, any automatic transfers on account of the foregoing. In order to prevent the disruption of Debtor's business operations, Debtor desires to retain these accounts during the case for thirty (30) days 1233400.1 PAYROLL MOTION 7

after the Petition Date. The retention of these accounts will not have any adverse impact upon the interests of creditors, since no pre-petition claims will be paid from these accounts except to the extent authorized in this Motion, or otherwise, by this Court.

Ε. The Critical Need for Immediate Relief

Debtor's business is dependent upon its labor. If these employees or independent contractors are not paid, they will cease working and seek employment elsewhere. Any such disruption would have a devastating effect upon Debtor's business and consequential value to the creditors. In contrast, if Debtor obtains the relief sought herein, its business operation will continue in the ordinary course, customer needs will be met, and the overall value of Debtor's business enterprise will be preserved for creditors.

III. **EMERGENCY RELIEF IS AUTHORIZED UNDER THESE CIRCUMSTANCES**

Procedural authorization for an emergency hearing on this emergency motion is found in Rule 9006 of the Federal Rules of Bankruptcy Procedure, and in Local Bankruptcy Rule 9075 1. As discussed herein and as set forth in the supporting Green Declaration filed concurrently herewith, Debtor respectfully submits that, on the facts of this case, emergency relief is both necessary and appropriate.

IV. THE DEBTOR SHOULD BE AUTHORIZED TO PAY PRE-PETITION PAYROLL

The Court May Authorize Payment of Pre-Petition Payroll and Α. **Honoring of Benefits**

Bankruptcy Code section 507(a)(4) gives priority status to allowed unsecured claims for wages, salaries, or commissions, including vacation, severance, and sick leave pay earned by an individual within 180 days of the Petition Date, up to \$13,650 per individual. Specifically, section 507(a)(4) provides in pertinent part:

- (a) The following expenses and claims have priority in the following order: . . .
- (4) Third, allowed unsecured claims, but only to the extent of \$13,650 for each individual or corporation, as the case may be, earned within 180 days before the date of 1233400.1 PAYROLL MOTION 8

Thus, payment of these claims prior to confirmation of a plan does not upset the scheme of payment; it merely accelerates payment to certain parties as necessary to maintain the debtor's operations. See In re Quality Interiors, Inc., 127 B.R. 391, 396 (Bankr. N.D. Ohio 1991); see also, In re Adams Apple, Inc., 829 F.2d 1484, 1490 (9th Cir. 1987) ("[Clases have permitted unequal treatment of pre-petition debts when necessary for rehabilitation in such context as (i) pre-petition wages to key employees. . . . ").

As stated by the Ninth Circuit in In re Adams Apple, Inc., 829 F.2d 1484 (9th Cir. 1987):

[A]nother "fundamental tenet"-rehabilitation of debtors, which may supersede the policy of equal treatment. Cases have permitted unequal treatment of pre-petition debts when necessary for rehabilitation, in such contexts as (i) pre-petition wages to key employees; (ii) hospital malpractice premiums incurred prior to filing; (iii) debts to providers of unique and irreplaceable supplies; and (iv) peripheral benefits under labor contracts. See Ordin, Case Comment, In re Texlon Corporation, 596 F.2d 1092 (2d Cir. 1979): Finality of Order of Bankruptcy Court, 54 Amer. Bankr. L.J. 173, 177 (1980). ([I]t illustrates a Congressional willingness to subordinate the interests of pre-petition creditors to the goal of rehabilitation.)

Courts have also authorized Chapter 11 debtors to honor pre-petition employee benefits. See, Matter of Canton Casting, Inc., 103 B.R. 874 (Bankr. N.D. Ohio 1989) (authorizing payment of pre-petition vacation benefits); In re Busy Beaver Bldg. Centers, Inc., 19 F.3d 833, 853 (3rd Cir. 1994) ("the bankruptcy court entered numerous interim orders. . . authorizing. . . the payment of pre-petition wages and employee benefits. . . "); In re Chateaugay Corp., 80 B.R. 279, 281 (S.D.N.Y. 1987) ("Judge Lifland, 1233400.1 PAYROLL MOTION 9

upon application of LTV, issued an order authorizing and empowering LTV to continue payment of pre-petition wages and salaries, employee reimbursement expenses, and benefits.").

As set forth above. Section 507(a)(4) affords priority status to unsecured claims for wages, salaries or commissions, including vacation, severance, and sick leave pay earned by an individual within 180 days before the filing of a bankruptcy petition to the extent of \$13,650 for each such individual. For a number of reasons, the Bankruptcy Code affords special treatment to certain pre-petition claims of employees. Wages are priority claims, and thus must be paid in full in a reorganization case. The ability to ensure that the employees receive their unpaid pre-petition salary and do not miss a paycheck is critical to obtaining the stability necessary for a successful reorganization, which benefits all creditors. Compared with a typical claim in bankruptcy, wages represent a large part of an employee's wealth. In addition, unlike an ordinary trade creditor, the typical employee does not have other sources of income and, thus, cannot diversify the risk of the employer's default. Therefore, this Court has authority to allow the Debtor to pay certain pre-petition claims.

In the within case, as more particularly set forth in the Green Declaration, ample cause exists justifying payment of the pre-petition period wages. Specifically, as evidenced by the Green Declaration, the maximization of the value of Debtor is contingent upon the continued operation of Debtor's business. Since the loss of any employee at this critical juncture could materially damage Debtor's business operations, and consequently the value of their overall business enterprise, compelling grounds exist for the entry of an order authorizing Debtor to pay and/or honor the pre-petition employee wages and compensation in the amounts established by the Green Declaration. Attached to the Green Declaration as Exhibit "3" is a list of the Debtor's employees and independent contractors, and the estimated wages owed to each employee.

Consequently, it is critical that Debtors continue, in the ordinary course, those personnel policies that were in effect prior to the Petition Date. If the checks issued by a 1233400.1 PAYROLL MOTION 10

payroll service such as ADP in payment of any of the compensation or other employee obligations are dishonored, or if such obligations are not timely paid post-petition, the employees may suffer extreme personal hardship and may be unable to pay their daily living expenses. A loss of employee morale and goodwill at this crucial juncture would undermine Debtor's stability, and undoubtedly would have a negative effect on Debtor, its customers, the value of its assets and business, and its ability to achieve their objectives in chapter 11. As noted by the court in *In re Equalnet Communications Corp.*, 258 B.R. 368 (Bankr. S.D. Tex. 2000), "the need to pay [pre-petition employee wage claims] in an ordinary course of business time frame is simple common sense. Employees are more likely to stay in place and to refrain from actions which could be detrimental to the case and/or the estate if their pay and benefits remain intact and uninterrupted." Id. at 370.

Nothing in this Motion nor any payments made by Debtor pursuant to this Motion, shall be deemed an assumption or rejection of any employee benefit plan, employment agreement, other program or contract, or otherwise affect Debtor's rights under section 365 the Bankruptcy Code to assume or reject any executory contract between the Debtor and any employee or any payroll service.

Finally, on a procedural basis, Rule 2081-1(a)(6) of the Local Bankruptcy Rules provides that a debtor may bring a motion seeking to pay pre-petition payroll and to honor pre-petition employment procedures on emergency or expedited relief so long as the motion is "supported by evidence that establishes: (A) the employees are still employed; (B) the necessity for payment; (C) the benefit of the procedures; (D) the prospect of reorganization; (E) whether the employees are insiders; (F) whether the employees' claims are within the limits established by 11 U.S.C. § 507; and (G) the payment will not render the estate administratively insolvent."

As to administrative insolvency, concurrently with the filing of this instant Motion, the Debtor will be filing a motion for approval of debtor-in-possession financing ("DIP Financing") and a motion for approval of a cash collateral stipulation ("Cash Collateral Stipulation") with TAB Bank to cover administrative and operational. If the Court approves 1233400.1 PAYROLL MOTION 11

the DIP Financing and Cash Collateral Stipulation, the Debtor should have enough cash on hand to cover operations and administrative expenses incurred in the immediate future.

Therefore, Debtor believes that, unless the Court allows the payments requested herein to its employees, the disruption to Debtor's employees and business practices would substantially jeopardize Debtor's ability to reorganize their affairs.

В. All of the Pre-Petition Compensation in Question Represent Payment of Priority Claims

Post-petition, TAB Bank honored pre-petition checks for Prepetition Compensation on an interim basis pending the emergency hearings to be held before the Court in order to avoid any disruption in Debtor's business operations. The pre-petition checks that are the subject of the Interim Stipulation with TAB Bank represent Pre-petition Compensation that was paid by Debtor pre-petition, but was not negotiated until post-petition. TAB Bank agreed to honor these checks post-petition pursuant to the terms of the Interim Stipulation which requires that Debtor obtain approval of the Interim Stipulation on a retroactive basis. All of the pre-petition checks honored by TAB Bank post-petition represent priority claims of the Debtor's employees and independent contractors.

Therefore, all of the Pre-Petition Compensation in question constitute priority claims pursuant to Sections 507(a)(4) and (a)(5) of the Bankruptcy Code, and are therefore more likely to be paid in any event. Debtor is unable to determine whether all vacation, severance and sick leave pay was earned by employees within 180 days of the Petition Date or whether contributions to employee benefit plans arise from services rendered within 180 days of the Petition Date. However, none of the payroll checks will exceed this limit.

Since all priority payments must be made eventually before general unsecured claims can be paid, the Courts often permit the payment of pre-petition wages so that the debtor-in-possession may maintain an effective workforce, especially where the amount of the payment is relatively small and where it appears that the wages being paid would 1233400.1 PAYROLL MOTION 12

Because of the exigencies of the Debtor's Case and the irreparable harm to the Debtor, its Chapter 11 estate and all parties-in-interest that may ensue if the relief requested herein is not granted, the Debtor submits that no further notice need be given. No previous motion for the relief sought herein has been made to this Court or to any other court. Notice of this Motion will be provided, to the following parties-in-interest:

(a) the Office of the United States Trustee, (b) TAB Bank and (c) the 20 largest unsecured creditors. In light of the limited nature of the relief requested herein, Debtor submits that no further notice of the Motion should be required. Under the circumstances of this case this notice is fair and reasonable.

In compliance with LBR 2081-1(a)(6) and 9075-1, counsel for the Debtor will contact the Court to obtain a hearing date within 48 hours, and will provide telephonic notice of the Motion to be given to the Office of the United States Trustee and TAB Bank. In accordance with the provisions of FRBP 4001(b)(1), notice of this Motion has been given to the U.S. Trustee, TAB Bank and the 20 largest unsecured creditors.

and to propose a chapter 11 plan of reorganization.
5. Pre-petition, Debtor and TAB Bank entered into an accounts receivable purchase and security agreement dated as of February 3, 2016 ("Pre-Petition")

The purpose of the Case is to reorganize the Debtor's business operations

- purchase and security agreement dated as of February 3, 2016 ("Pre-Petition Agreement"). On April 26, 2018, the Pre-Petition Agreement was amended by the Debtor and TAB Bank ("Amendment"). Pursuant to the Pre-Petition Agreement as amended by the Amendment, TAB purchased certain designated accounts receivable from the Debtor. For each account purchased by TAB, TAB advanced 90% of the face value of the account to the Debtor. TAB performs the administrative services to collect the accounts from the account debtors of the Debtor and collections are paid into a lock box at TAB. Upon receipt of payment in full for each account, TAB credits 90% of the account to pay off the advance, and the additional 10%, less fees, interest, and expenses, is placed into a cash reserve account (the "Pre-Petition Cash Reserve Account"). Additionally, TAB receives into the same lock box payments on certain non-factored accounts of the Debtor, the proceeds of which are placed in the Pre-Petition Cash Reserve Account. In consideration of the foregoing, TAB Bank was granted a first priority security interest in substantially all of the Debtor's assets. As of the Petition Date, the outstanding obligation due and owing to TAB Bank was approximately \$1.6 million. The face value of the factored accounts owing as of the Petition Date is approximately \$1.8 million.
- Debtor must issue payroll on September 16, 2019, which will pay the accrued payroll incurred from September 8, 2019 through September 14, 2019.
- 7. Payroll for this prepetition period is due to be paid on September 20, 2019, but must be uploaded to ADP on September 16, 2019.
- 8. Debtor's obligations owed on account of the September 20, 2019 payroll is approximately \$332,000 ("Pre-Petition Compensation"). Attached as Exhibit "1" is a list of the Debtor's employees and independent contractors and the payroll amount for each.
- 9. Part of the Pre-Petition Compensation also includes payroll checks issued by the Debtor pre-petition for employee and independent contractor services rendered for PAYROLL MOTION

the period September 1, 2019 through September 7, 2019, and thus represents pre-petition claims. Some of these payroll checks were outstanding and had not been negotiated as of the filing of the chapter 11 bankruptcy and must be honored post-petition.

10. Pursuant to the terms of the Interim Stipulation attached as Exhibit "2", TAB Bank honored these pre-petition payroll checks post-petition. Pursuant to the terms of the Interim Stipulation, Debtor seeks an order from the Court retroactively authorizing and ratifying the payment of the pre-petition checks, which shall include the following language:

"TAB Bank is authorized, but not directed, on an interim basis, through and including September 18, 2019, to honor checks presented for payment and all fund transfer requests made by the Debtor, to the extent that sufficient funds are on deposit in the applicable accounts at TAB Bank, in accordance with this Interim Stipulation and the Court's order thereon and any other order of this Court. TAB Bank is authorized, but not directed, to rely on the representations of the Debtor with respect to whether any check or other transfer drawn or issued by the Debtor prior to the Petition Date should be honored and to honor those checks pursuant to this Interim Order, and TAB Bank shall not have any liability to any party, including under 11 U.S.C. § 549, for relying on such representations by the Debtor, as provided for in this Interim Stipulation and the Court's order thereon."

- 11. Debtor's payroll is paid through ADP, a payroll company.
- 12. Debtor seeks approval to pay (a) pre-petition independent contractor and employee wage and salary obligations owed by Debtor up to the priority limit in Section 507(a)(4) of the United States Bankruptcy Code, and the associated tax liability; (b) reimbursement of ordinary course pre-petition employment business expenses in accordance with company policy, and (c) the payment of benefit obligations including 401(k) plan employer contributions, worker's compensation, medical, dental, life insurance, disability insurance, union benefits, and miscellaneous other benefits incurred and payable in the ordinary course.

- 13. Debtor also seeks authority to (a) honor all pre-petition vacation pay, sick leave, holiday pay, jury duty pay, and other paid leave claims in the ordinary course; (b) retain its pre-petition payroll account(s) for 30 days and directing the bank or other financial institution not or otherwise impair Debtor's ability to deposit funds into and to withdraw funds from said account(s); and (c) take all actions reasonable and necessary to comply with its obligations to its existing payroll services such as ADP.
- 14. Debtor also seeks entry of an order (a) directing all banks to honor all of Debtor's pre-petition checks, and (b) prohibiting all banks from placing any holds on, or attempting to reverse, any automatic transfers on account of the foregoing pre-petition payroll obligations, approval of the continued use of ADP to pay all outstanding payroll, post-petition payroll, payroll related taxes, with the Debtor separately paying worker's compensation, Debtor's portion of its employees' medical insurance premiums, and other miscellaneous business expenses in its ordinary course pursuant to 11 U.S.C. § 363(b).
- 15. I am informed and believe that the employees and independent contractors who are currently owed pre-petition payroll are still employed and contracted by Debtor.
- 16. If the Debtor does not pay the employees and independent contractors on account of pre-petition obligations, I am concerned that a majority of the employees and independent contractors would resign.
- 17. I am informed and believe, that the employees and independent contractors to be paid are not insiders of the Debtor.
- 18. I am informed and believe that the payments to be made are within the limits set forth under 11 U.S.C. § 507.
- 19. I am informed that Debtor will be concurrently filing a motion for approval of a debtor-in-possession loan ("DIP Financing") and a motion for approval of a cash collateral stipulation ("Cash Collateral Stipulation") with TAB Bank to cover administrative and operational expenses.

collateral stipulation ("Cash Collateral Stipulation") with TAB Bank to cover administrative and operational expenses.

- If the Court approves the DIP Financing and Cash Collateral Stipulațion, 20. Debtor should have enough cash on hand to cover operations and administrative expenses incurred in the immediate future.
- 21. Debtor must pay its employees and independent contractors on schedule on September 20, 2019 and must honor the pre-petition checks issued pre-petition but negotiated post-petition because I am concerned that without the ability to retain ADP, and pay payroll, the Debtor may lose its employees and independent contractors and will not be able to operate.

I declare under penalty of perjury that the foregoing is true and correct.

Executed on this 17th day of September, 2019, at Sausalito, California.

RECITALS

- A. On September 15, 2019 ("Petition Date"), Debtor filed a voluntary petition under chapter 11 of Title 11 of the United States Code ("Bankruptcy Code") in the United States Bankruptcy Court for the Central District of California, Santa Ana Division ("Court").
- B. Pre-petition, Debtor and TAB Bank entered into an accounts receivable purchase and security agreement dated as of February 3, 2016 ("Pre-Petition Agreement"). On April 26, 2018, the Pre-Petition Agreement was amended by the Debtor and TAB Bank ("Amendment"). Pursuant to the Pre-Petition Agreement as amended by the Amendment, TAB purchased certain designated accounts receivable from the Debtor. For each account purchased by TAB, TAB advanced 90% of the face value of the account to the Debtor. TAB performs the administrative services to collect the accounts from the account debtors of the Debtor and collections are paid into a lock box at TAB. Upon receipt of payment in full for each account, TAB credits 90% of the account to pay off the advance, and the additional 10%, less fees, interest, and expenses, is placed into a cash reserve account (the "Pre-Petition Cash Reserve Account"). Additionally, TAB receives into the same lock box payments on certain non-factored accounts of the Debtor, the proceeds of which are placed in the Pre-Petition Cash Reserve Account. In consideration of the foregoing, TAB Bank was granted a first priority security interest in substantially all of the Debtor's assets. As of the Petition Date, the outstanding obligation due and owing to TAB Bank was approximately \$1.3 million. The face value of the factored accounts owing as of the Petition Date is approximately \$1.6 million.
- C. Pre-petition, Debtor issued checks for pre-petition payroll obligations. Some of these pre-petition payroll checks were not negotiated pre-petition. If these pre-petition payroll checks are not honored by TAB Bank, Debtor's business will be disrupted and suffer irreparable harm.

1234367.1 2 INTERIM STIPULATION

 D. The Debtor has requested, and TAB Bank has agreed, to honor certain prepetition payroll checks during the period from September 16 – September 18, 2019, subject to the terms and conditions set forth below.

STIPULATION

NOW, THEREFORE, in consideration of the foregoing, the Parties stipulate and agree as follows:

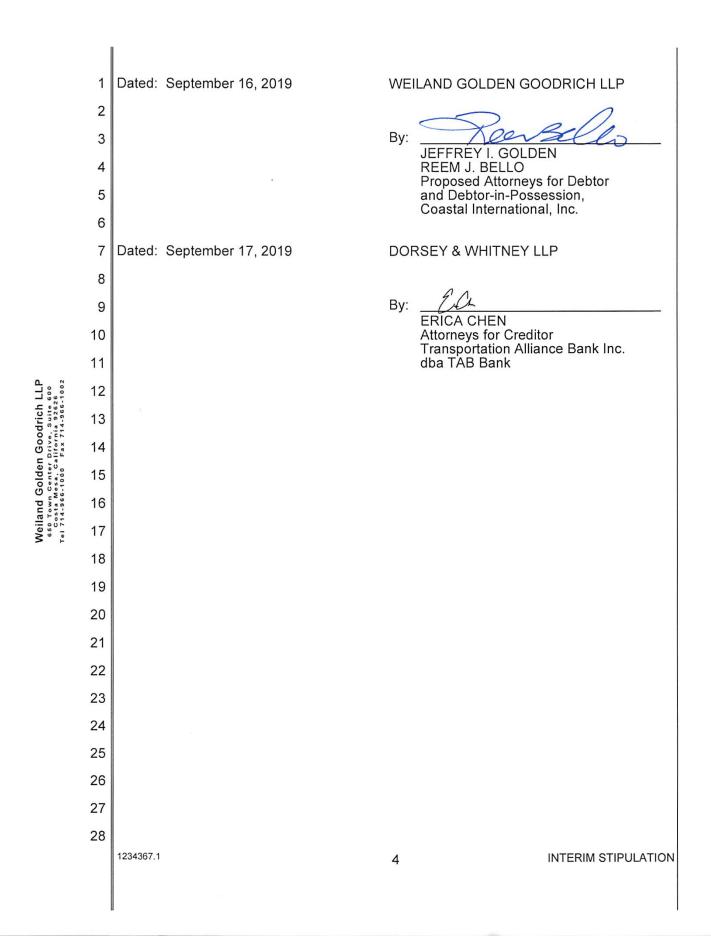

TAB Bank agrees to honor the pre-petition payroll checks specifically identified by the Debtor in the attached <u>Exhibit A</u> (the "<u>Checks</u>").

The Debtor agrees to seek an order from the Court authorizing and ratifying the payment of the Checks at the hearing on September 18, 2019, which shall include the following language:

TAB Bank is authorized, but not directed, on an interim basis, through and including September 18, 2019, to honor checks presented for payment and all fund transfer requests made by the Debtor, to the extent that sufficient funds are on deposit in the applicable accounts at TAB Bank, in accordance with this Interim Stipulation and the Court's order thereon and any other order of this Court. TAB Bank is authorized, but not directed, to rely on the representations of the Debtor with respect to whether any check or other transfer drawn or issued by the Debtor prior to the Petition Date should be honored and to honor those checks pursuant to this Interim Order, and TAB Bank shall not have any liability to any party, including under 11 U.S.C. § 549, for relying on such representations by the Debtor, as provided for in this Interim Stipulation and the Court's order thereon.

IT IS SO STIPULATED.
